[linkedin.com/in/mkscof](https://www.linkedin.com/in/mkscof) - [github.com/mkscof](https://github.com/mkscof)

## Skills

### Programming Languages:

JavaScript, Java, HTML, CSS, Python

### Technologies/Platforms:

Git, Angular 2+, Hadoop, MySQL, Ansible,  
Unix, Jira, Web Development, Agile Development

## Experience

OCTOBER 2018 - PRESENT

### Infosys, Sunnyvale, CA - Associate

- Went through two month training period in Raleigh, NC learning Hadoop and related technologies such as Hive, Sqoop, and Pig, as well as databases such as MySQL and MongoDB.
- Created architecture diagrams and wrote documentation for existing project while working at client company in Sunnyvale.
- Wrote API Calls and scripts to implement them for use in new internal web-based project.
- Worked with team to create Ansible playbooks to deploy vulnerability fixes to nodes in Hadoop clusters.

JUNE 2015 - AUGUST 2015

### Badu Networks, Irvine, CA - Intern (QA)

- Worked with a small team performing QA testing on the company's P'ng Mobile app.
- Used Jira project-management software to keep track of and report on active bugs.

## Education

SEPTEMBER 2014 - JUNE 2018

### University of California, Santa Cruz - Santa Cruz, CA - Bachelor's of Science (Computer Science)

## Projects

### Personal Website

- <https://mkscof.github.io/>
- Currently a work in progress.

### Trash Toss

- Worked with a team to refine and add new features to the recycling based android game Trash Toss for the Santa Cruz Recycling Center.
- Used and gained experience in Scrum development, Unity development, and C#.
